Neo Turf Masters Ruleset

HARDREAD

Format, buy-in, prices

Format: Single elimination bracket

Buy-in, prices: Will be listed separately for each tournament

How to play

1. Players play a BO1 of RPS
2. The winner chooses his port or the course to be played
3. The loser chooses what was not chosen in 2. yet
4. A BO7 is played. If players are tied after 7 holes, Sudden Death applies: The player who wins the next hole wins the set.
The only exception is the final, where all 18 holes of a course are played. Sudden Death applies if players are tied after 18 holes.

Characters & stages

- All characters and stages are allowed

General Rules

- The mode played is "Match Play"
- Hardware programmable input entry, rapid-fire (turbo), or other hardware assisted mechanisms are strictly forbidden.

Hardware:

- The tournament is played on PC
- The offline component of Fightcade is used for emulation (ggpofba.exe)
- All controller and adapters are allowed. Macro and turbo restrictions apply as listed in the general rules.

Term Definitions

- RPS: Rock Paper Scissors
- Macros: Macros allow players to press a button that results in their Character performing a set of actions that would normally require the Player to press multiple buttons.
- Turbo: Turbo capabilities allow Players to press a button that results in their Character performing a set of actions that would normally require the Player to press the same button multiple times.
